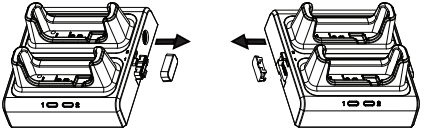
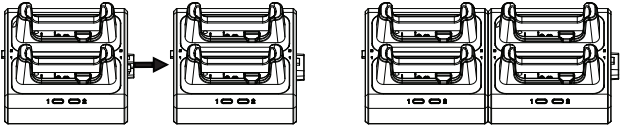
Connecting 2SC's for a 6SC

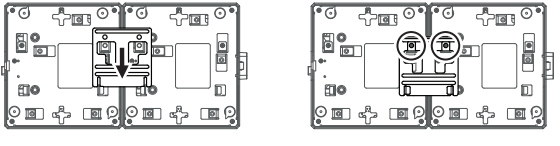
1. Take off the Connection Plug Cover.
2. Take off the Connection Socket Cover.



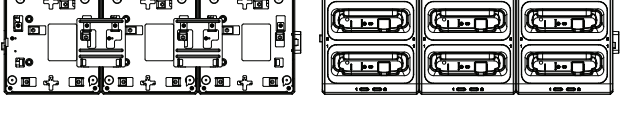
3. Connect the plug to the socket.



4. Fix the connected cradles in place by using screws to tighten the holder.



5. Repeat steps 1 through 3 to connect up to three 2SC's for a 6SC.



For European Community Users

We have included this bulletin to comply with Directive 2012/19/EU OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 4 July 2012 on Waste Electrical and Electronic Equipment (WEEE).

This product has required the extraction and use of natural resources for its production. It may contain hazardous substances that could impact health and the environment, if not properly disposed.

In order to avoid the dissemination of those substances in our environment and diminish the pressure on the natural resources, we encourage you to use the appropriate take-back systems for product disposal.
Those systems will reuse or recycle most of the materials of the product you are disposing in a sound way.

The crossed out wheeled bin symbol inform you that the product should not be disposed of along with municipal waste and invites you to use the appropriate separate take-back systems for product disposal.

If you need more information on the collection, reuse, and recycling system, please contact your local or regional waste administration.

You can also contact your supplier for more information on the environmental performances of this product.
