green light long	⩾76%	green light long	⩾76%

Multifunctional Cradle

- Charge one handle separately
- Charge one handle and one device simultaneously
- Support multiple cradle aggregated

- Input 5V 2.6A
- Interface DC Jack
- Charging contacts life cycle: 5000 times

Single slot charger

Support multiple cradle aggregated

Standard Cradle

Charging one device	
Input	5V 1.5A
Interface	DC Jack
Charging contacts life cycle	more than 5000 times

Fingerprint reader

- Adopt top-level fingerprint verification module and algorithm, quickly and accurately identify fingerprints, fully guarantee user login security.
- Reinforced glass coating, more wear resistant.

Others

Wrist Strap and Protective Boot

- Specially designed for mobile applications
- Improve protection performance
- Adjustable elastic wristband

Power Adapter

- Applicable for charging handle or
- multifunctional cradle
- Input: 100-240V~50/60Hz 0.6A

Type-C Data Cable

- Applicable for charging and data transmission
- Interface: Type-C

Power Adapter

- Applicable for charging device or standard cradle with Type-C cable
- Input: 100-240V~50/60Hz 0.4A
- Output: 5V 1.5A

Overseas product power adapter is subject to the actual product.
